THANK YOU

It was raining on Friday, October 18. This was the day that our club was to set up the kayak and canoe slalom race on the Mokelumne River. Norm Glickman, Tom Gelder, Pam Mason, Violet Jakab, Bruce and Sharon Schumacher, Rex and Marlene Gideon, Bobbie Housand, Joe Carroll, Charlie Beazell, and Mark ? joined Keith Kishiyama and me to help set up the course. Ropes were ferried across the river and the gates were hung. By the end of the day the course was up.

On Saturday Pam Putman, Violet, Pam Mason, and Sharon ran the registration table. Many volunteers helped to raise any sagging ropes, and run the downriver race. PG&E had previously been contacted, and they agreed to give us 800cfs for Saturday and Sunday. I had placed my weather modification net over the course and Saturday and Sunday were sunny.

We had 38 racers on Sunday. Many thanks to Vince Williams, Pam Putman, and Ken Brunton for the loan of their phone system that connected the start and finish and judging stations. Both Pams, Candace Dekkert, and Violet ran the scoring table. Everyone including Keith and I seemed to have a good time.

WISH LIST

Our club needs to come up with our own communication system for our slalom races. We can either use 8 phones connected by wires or hand held radios. Donations of these items would be greatly appreciated.

We also need to obtain 52 spring hooks 5/16" WL100#, and 52 bolt swivel round eye snaps 1/4" to use on our gates. The smaller eye snaps are used to connect the number boards to the gates, and the spring hooks are used to connect the gates to the ropes. Donations of any amount would be greatly appreciated. You may contact Keith or Nancy at 510/455-8850.

LOST

Joe Carroll (916) 621-4314 or 957-1871 accidentally put his life jacket, dry top and spray skirt in the back of someone's pickup truck.
